

Felt smocked bauble

Cut 8 – 4” circles.

1. Stack the circles in a pile and stitch across the middle either by hand or on the machine.
2. Start to smock by bring the first circle together and stitch a cross stitch where they meet
3. Then folding the circle in half follow the pattern round.
4. Ribbon is threaded through to enable the bauble to hang on the tree.
5. Beads can replace the cross stitch and make the bauble more festive.
