

## Hankie Case

These are handy little case will stop your paper hankies getting messed up or lost in your handbag. Cut out 3 piece of fabric from the templates along with two strips of interfacing. Fold two piece of the fabric in half and place the interfacing inside each piece.

Place the third piece of fabric face down and then place the two folded piece on top as shown in the picture. Carefully stitch around the outside edge fusing all layers together

Turn the case the right side out and straighten up. The case is now ready to fill with hankies
